COMPANY DESCRIPTION

Canopy Rivers is a venture capital firm specializing in cannabis with a portfolio of 18 companies across various segments of the cannabis value chain. We believe that bringing together people, capital, and ideas raises the potential of the entire cannabis industry. By leveraging our industry insights, in-house expertise, and thesis-driven approach to investing, we aim to provide shareholders with exposure to specialized and disruptive cannabis companies. Our mission is to invest in innovators across the cannabis value chain, help them grow, and ultimately create value by guiding these companies towards a monetization event. Together with our portfolio, we are helping build the cannabis industry of tomorrow, today.
